Dynamic Range available for practice sessions

Practice sessions... Tuesday, Wednesday or Thursday. 3 pm - 7 pm

Pre-registering no later than 12 noon the same day allows us to have the range set up so you can get right down to shooting when you arrive. We limit the number of shooters in the action bays during practice sessions for safety and efficiency.

Shooters may use their handguns, shotguns or carbine/rifles engaging various paper and reactive targets provided by the range on the 25 yard / 180 degree line or in one of our action bays that are configured to offer nearly 270 degrees of engagement and freedom of movement in multiple directions.

Shooters are also allowed to utilize and practice handgun presentations from dominant side - belt mounted holsters, rapid fire during their practice session, and bring their own ammunition, and retrieve any expended brass. Reserve your training bay at 813.719.0091
